

ABOUT US

Debt Guides assists people who are struggling to make all their payments to their different creditors every month. It may be that you have lost your job or that you have personal loans and clothing accounts which you are now unable to pay as agreed. We know that at certain stages of life we all go through difficulties. Debt Guides is here to help you overcome the financial difficulties in your life.

We have been part of the credit industry for the past 19 years and have an in-depth knowledge of how credit providers structure their accounts.

Our extensive knowledge of both the lending industry and Debt Review process enables us to help put the smile back on clients' faces and the love back in their families. We give clients peaceful sleep knowing that their finances are intact.

We have an understanding of credit granting scores and credit ratings and will gladly Guide clients in the right direction to improve their scores and ratings.

We use sophisticated Debt Review software coupled with a payment distribution agency that is envied by many.

Our software systems are able to draw clients current Credit Reports and easily show where loans may have been recklessly granted.

We are based in Gauteng. Our network of attorneys is extensive enough to assist clients in any part of South Africa.

We are partnered with Insurance industry professionals in order to assist clients get reduced insurances and still get better cover than what they have or at least keep the same cover.

Our culture is one of being a Guide, someone who walks alongside you, who shows you all the obstacles and assists you to get to your end goal.

Are you over-indebted?

We know just what to do.
